# Headlines

- ❖ "The US will forever remain the Great Satan, before and after the nuclear agreement, because the resistance will defend its territory, and this is a resistance against the Zionist project," Nasrallah
- ❖ While he pushes nuke deal through Congress, president also said to be weighing options for a peace breakthrough, even if this involves 'immoderate' pressure on Israel
- ❖ Obama said that, despite all the criticism of the deal, "I have not heard another argument that holds up" against it. And he said "99% of the world thinks it's a good deal."
- ❖ Mike Huckabee Says Obama is 'Marching Israelis to the Oven Door'
- ❖ John Kerry indirectly concedes that the US could defend Iran's nuclear program from Israeli sabotage, if need be
- ❖ According to police, the protesters had stockpiled homemade explosives, firecrackers and wooden boards inside the mosque, with the intention of attacking thousands of Jewish worshipers gathered below for prayers at the Western Wall on Tisha B'Av, a fast and day of mourning that commemorates the destruction of the first and second Jewish Temples.

# PA - Peace Partner?

On Tisha B'Av, Jews mourn the destruction of the first and second Temples in Jerusalem (586 BCE and 70 CE). However, the Palestinian Authority denies that there ever was a Temple, consistently referring to Solomon's Temple as "the alleged Temple." Moreover, the PA also teaches its people that there was never a Jewish history in Jerusalem.

**The Palestinian Authority claims persistently that Israel is "Judaizing" Jerusalem,** as [Palestinian Media Watch](#) has documented. Israel is said to:

- falsify historical artifacts in order to prove a "false" Jewish history in Jerusalem
- destroy Palestinian and Islamic relics and signs of an Arab presence in the city
- plot to take over and [destroy the Al-Aqsa Mosque](#) in order to rebuild the "alleged Temple" in its stead

# PA - A Recipe for Hate & Terror

[Palestinian Media Watch](#) has prepared a comprehensive report on Palestinian Authority education. It includes chapters on names of schools (dozens named after terrorists), school activities (e.g., visiting homes of terrorists), statements and activities of educators (e.g., presenting murderers as role models and promising a world without Israel), schoolbooks, informal education (children reciting poems on kids' TV programs: e.g., Jews are monkeys and pigs; Tel Aviv is "occupied Palestine"), and a chapter with examples of honoring Hitler.

# Two State Solution

- ❖ The EU said it will explore setting up a new international format to breathe life back into the stalled peace process between Israel and the Palestinians. EU foreign affairs chief Federica Mogherini, fresh from her role in the Iran nuclear deal, said she was working on an idea for an “international support group.”
- ❖ “We have invested a lot as the EU” in trying to revive the moribund Middle East peace process. “The idea of an international support group is one that we will explore in coming weeks.”
- ❖ Mogherini, a former Italian foreign minister, said the torturous but ultimately successful Iran talks showed that even the toughest problems could be resolved through diplomacy.

# Unbelievable

- ❖ U.S. Secretary of State John Kerry said in an interview broadcast on Tuesday he was disturbed by anti-U.S. hostility voiced by Iran's top leader after last week's nuclear deal.
- ❖ Kerry said a speech by Iranian Supreme Leader Ayatollah Ali Khamenei on Saturday vowing to defy American policies in the region despite the deal with world powers was "very troubling."
- ❖ "I don't know how to interpret it at this point in time, except to take it at face value," Kerry said in an interview on Al Arabiya. "But I do know that often comments are made publicly and things can evolve that are different. If it is the policy, its very disturbing, its very troubling, and well have to wait and see."

# Kerry's Latest Threat

- ❖ "I fear that what could happen is that, if Congress were to overturn it, our friends in Israel could actually wind up being more isolated. And more blamed. And we would lose Europe and China and Russia with respect to whatever military action we might have to take. Because we will have turned our backs on a very legitimate program that allows us to put their program to the test over the next few years," Kerry told an audience at the Council of Foreign Relations in New York.

# Whats Wrong with the Deal?

- ❖ 1. Iran is not interested in just one bomb. They are interested in building an arsenal. And now, thanks to this deal, they will be able to get it.
- ❖ 2. The Inspection period is beyond LAX. First any allegations must be put before an committee of eight that the Iranians are members of and after the allegations are brought forth the Iranians have a period of time to respond to them for purposes of validation and then then there is an issue of a minimum of 24 days before Inspectors would be allowed on site.
- ❖ 3. \$150 Billion windfall for supporting terrorism

# Quote of the Week

"Many people around the world have been fed a lie being victims of a massive propaganda hoax. The lie is that the Palestinians want freedom by having their own state. Actually, Israel knows full well that this can't possibly be about freedom because Arabs in Israel have more freedom than Arabs anywhere else in the Middle East. So if Palestinian leaders want a state, why do they spend so much time talking about killing Jews and glorifying those who do? What does glorifying murderers have to do with getting your own state? Why do their schools teach their children that Israel has no right to exist and must be destroyed? People always talk about what they want. The Palestinian leaders talk about erasing the Jewish state. That's why their leaders spend so much time demonizing Israel."

# KFIR

- ❖ 'To be a fighter in the Kfir Brigade is to defend our home'. In open letter to new recruits, Kfir Brigade Commander Col. Asher Ben Lulu writes: "Your turn to defend our home has come, and it is a great privilege. ... At the end of your training you will work to eradicate terrorism. ... All of Israel is counting on us."
- ❖ To the Kfir infantry brigade's new class of recruits, welcome to the family! Today we congratulate you on your entry into a framework that will mold and turn you into first-class combat soldiers of the tiger brigade. Your turn to defend our home has come, and it is a great privilege.
- ❖ On your first day you will arrive at the brigade's training base, where you will spend your eight-month training period. You will be received with open arms by your commanders, who will care for you in all aspects and change you from civilians into the best and most professional fighters possible. In your preparation you will undergo intensive training, learn to cope with the urban warfare we are known for, embark on marches and master complex training exercises. Along the path and by virtue of its difficulty you will transform from young civilians into a unified group of fighters. Together you will carry out operations, you will be prepared to risk your lives for one another, you will be a shoulder to lean on during tough times, and mostly you will be a family that will march alongside us.

- ❖ At the end of your training you will work to eradicate terrorism in the various sectors along all of Israel's borders. The work will be challenging and varied and will include ambushes, arrests, routine security missions and more. All of this in order to defend and provide security for the State of Israel, your family and friends at home.
- ❖ The Kfir Brigade has a legacy of fighting terror unbendingly, a fight in which the brigade's fighters and commanders act as the buffer between those cruel terrorists and the citizens of the country. The threat takes on many shapes and characteristics, but your determination and professionalism will lead you to victory in every meeting with the enemy.
- ❖ To the class of August 2015, to be a fighter in the Kfir Brigade is to defend the home, to strive toward victory, to lead and to be an example to those around you. Here, we are all together. In these very moments, the brigade's fighters continue to be the spearhead against terror. All of Israel is counting on us. Good luck!
