For this week's KFIR Middle East Update, we have provided the following Pdf Powerpoint, but our YouTube video will hopefully give you a feel for what we are experiencing here in Israel. We ask you all to be praying for the peace of Jerusalem!
- ❖ We have seen what CNN and BBC have been presenting and are appalled by the pro-Palestinian biased reporting.
- ❖ Our Group will be leaving on Wednesday and I will do a more comprehensive KFIR Middle East Update once I return stateside. Please continue to keep us in your prayers.

Biased Media Refuse to Report that Palestinians are Killing Israelis

Facebook Refuses to Remove 'Stab Israelis' Page, then Yields to Pressure

'Jerusalem terrorists planned to hijack bus,' says witness. Two were stabbed to death, a 78 year old man and a 45 year old.

- ❖ As of Thursday evening, some 10,000 Israelis had signed a petition, launched by Shurat HaDin-The Israel Law Center, indicating their desire to join a class-action suit against Facebook for acting as an accomplice to terror.
- ❖ An Arab boy critically wounds a Jewish boy, and after the security forces stop him so that he cannot continue with his stabbing spree, he is turned into a martyr who was supposedly executed, having done no wrong ...

John Kerry ... Please Stay Home!

- ❖ Senator Ted Cruz (R-TX) called on Secretary of State John Kerry to resign over recent comments by senior Obama administration officials accusing Israel of committing "terrorism" amid a spate of Palestinian terror attacks against Israelis, the Washington Free Beacon reported Thursday.
- ❖ Palestinian terrorists have committed multiple terror attacks against Israel over the past weeks, with Palestinian leaders calling on Palestinians to commit more violence, but State Department spokesmen and Kerry have issued several statements placing the onus on Israel.
- ❖ Kerry blamed Israel's construction in Jerusalem, Judea and Samaria for the "Palestinian frustration" and violence, while State Department spokesman John Kirby accused Israel of using excessive force" against terrorists.
- ❖ "Once again Secretary Kerry and his staff have proven themselves utterly unfit for the positions they hold," Cruz told the Free Beacon. "Mr. Kirby should immediately retract his offensive assertion that Israel is 'guilty of acts of terror' or resign, and Secretary Kerry should immediately disavow these remarks or resign."
- ❖ "The Obama Administration is the most hostile we have seen towards the nation of Israel in our nation's history," Cruz said. "In the last few days, this obsessive antagonism has been on full display."

IDF Called Up

- ❖ Six companies of Israeli soldiers were mobilized in Jerusalem Wednesday, as the IDF joined efforts to secure the city following an escalation in the violence there. The move is part of a slew of measures passed by the security cabinet overnight Tuesday aiming to prevent further terror attacks after the deadliest day so far in the current wave of unrest.

Coordinated Attacks?

- ❖ In the wake of Tuesday's multiple attacks in Jerusalem and Ra'anana, in which three Israelis were killed and dozens wounded, the Israeli defense establishment assessed that they were not perpetrated by "lone wolves," Israeli website NRG reported later the same day.
- ❖ That the attacks all occurred within about an hour and a half of one another at different pre-selected locations aroused the suspicion that this round of Palestinian and Israeli-Arab terrorism was not random and individual, as previous shootings, stabbings, rock-throwing and car-rammings seemed to be, but rather backed and organized.

Jerusalem Post Reports

- ❖ Over the last week 23 attacks against Israelis have killed eight people and wounded at least 70. The reason for this violence is clear from FB posts that the Palestinian attackers were enraged by the statements by Abbas about Israel endangering the Temple Mount.
- ❖ Jerusalem reacted furiously on Thursday to State Department spokesman John Kirby's statement that Israel is not maintaining the status quo on the Temple Mount and accusing it of using "disproportionate force" to stop the wave of stabbing attacks.
- ❖ (We just got back from Beersheva) Beersheva police arrested a 15 year old teenage Palestinian girl on Wed who was on route to carry out a terrorist attack in Jerusalem. Under questioning, the girl confessed that she planned on stabbing Jews, soldiers, and the police."

Social Media

- ❖ Palestinian social media: There is nothing greater than a knife penetrating the heads of Jews. A tweet from Karem from Gaza using the hashtag "Poison The Knife Before You Stab," provided instructions on how to make attacks more deadly. "Dip (your) knife in an active poison before carrying out your stabbing, so that even if the knife does not manage to kill, the poison will do its job."

Iranian Underground Missile Base

- ❖ An underground Iranian missile launch base unveiled in recent days enables the Islamic Republic to store and covertly fire surface-to-surface missiles, a senior Israeli defense expert said.
- ❖ Tal Inbar, head of the Space Research Center at the Fisher Institute for Air and Space Strategic Studies in Herzliya, spoke on Wednesday after Iranian state television released images of large caves storing long-range missiles on-board mobile launches. He described the underground facility, whose location is unknown, as a “complex system of enormous tunnels.”
- ❖ These allow Iran to fire its missiles from underground, through surface vents. “The cave system enables the Iranians to prepare their missiles for firing secretly, and to carry out a surprise missile barrage attack,” he warned.
- ❖ The video showed “an extensive tunnel packed with medium- and long-range missiles and launcher units,” the British network said. “The Guard said the missiles were on their launch pads, ready to be fired in the event of an attack on the country.”
- ❖ It also showed “what appear to be officers walking over flags of Israel and the United States painted on the floor,” according to the report.
- ❖ Iran claimed the base “was one of hundreds in the country.” “We have so many bases that [our enemies] cannot confront those bases, no matter how many bases they identify,” Amir Ali Hajizadeh, head of the Guard’s aerospace branch, was quoted as saying.
