Headlines

* * **Quote of the Week:** "Silence or moderate reactions of the world could be interpreted as support for terror... President Abbas has not condemned a single one of the 30 terrorist attacks on Israelis over the last month, and he continues to glorify terrorists as heroes." - Opposition leader, MK Yitzhak Herzog, said to UN Secretary-General Ban Ki-moon - Even Israeli lefties becoming impatient with the UN "silence" and 'balanced' standing!

Obama keeps forgetting: Iran's biggest enemy is the US

Iran has agreed to accept an invitation from the U.S. and Russia to participate in talks about the Syrian war, but as Iran's supreme leader has suggested all along, the day Iran feels strong enough, it will focus its might against America.

* **Iberia Airlines pilot announces: 'We're landing in Palestine'** - Passengers traveling on Flight 3316 from Madrid to Israel on the Spanish flag carrier Wednesday are shocked to hear captain announce, "We will be landing soon in Palestine"

* **"Israelis are being attacked and murdered in the streets**, in their vehicles, and even in their homes, and the UN stands by in silence," he said, "As my final act as Israel's ambassador, I wish to stress the urgency of this situation that requires immediate action." Ron Prozor

* **Jew-Haters Love Jewish Doctors** - The brother-in-law of PA President Mahmoud Abbas underwent life-saving heart surgery at a private hospital in Tel Aviv. (This is another example of hypocrisy of anti-Semitic hate - He could have had it anywhere, but chose the hands of "Zionist oppressors")

* On the anniversary of the Balfour Declaration of Nov. 2, 1917, the PA and Fatah repeated their claim that Israel has "no right" to be created and attacked the declaration, calling it "ominous".

* **IDF shuts Palestinian radio station over 'incitement'** - Hebron's Al-Huriya radio urged stabbing attacks, violent riots in city that has been an epicenter of violence, army says. The Hebron area has seen 29 Palestinian attacks against Israeli soldiers and civilians over the past five weeks, 22 of them stabbing incidents.

Saudi's side with Israel?

- ❖ "I will side with the Jewish nation and its democratic aspirations in case of outbreak of a Palestinian Intifada and I shall exert all my influence to break any ominous Arab initiatives set to condemn Tel Aviv, because I deem the Arab-Israeli entente and future friendship necessary to impede the Iranian dangerous encroachment," Al Qabas quotes the Saudi media tycoon as saying.
- ❖ The Saudi Prince and entrepreneur posited that his country must reconsider its regional commitments and devise a new strategy to combat Iran's increasing influence in Gulf States by forging a defense pact with Tel Aviv to deter any possible Iranian moves in the light of unfolding developments in the Syria and Moscow's military intervention, the Kuwaiti Al Qabas daily reports according to AWD News.

Obama Administration

- ❖ The Obama administration continues to use moral equivalency in holding both Israel and the Palestinian Authority equally responsible for the wave of terror that is being encouraged by Palestinian leadership incitement.
- ❖ Secretary of State Kerry begins by explaining that the current situation in Israel is not sustainable. He then immediately goes on to put the responsibility for the terror on Israel, before addressing the Palestinian leadership and insisting on the two-state solution.
- ❖ Kerry clearly chooses to ignore years of Palestinian incitement and the many billions of dollars that have been squandered by the Palestinian leadership, which has grossly neglected its own people.

Abbas: Quit Stabbing our People

- ❖ President Abbas, if you truly care about your people, you need to tell them to stop stabbing us. They've killed about a dozen Israelis in the last month or so, and maybe three times that number of Palestinians have died in the attempt – suicidal stabbers, kamikaze knifers.
- ❖ You've not condemned them. In fact, you've encouraged them – while simultaneously peddling the double-speak that we've been killing them in cold blood. You've publicly declared that "every drop of blood that has been spilled for Jerusalem" is clean and pure and blessed. You've reassured each new prospective killer that "every martyr will reach Paradise, and everyone wounded will be rewarded by Allah."
- ❖ President Abbas, God does not reward those who spill the blood of innocents. There are no killing fields on the path to Paradise. If you care about your people, you should be telling them to preserve lives, not take them. Our lives and theirs.
- ❖ And really, in what kind of a crazy world was it necessary for me to write this?

Stabbings Continue

- ❖ Four more Palestinian terror attacks occurred over the last few days. Two people were stabbed at a light rail stop in Jerusalem, and an attempted stabbing took place outside a Jewish community in Samaria.
- ❖ Early Friday afternoon, a Palestinian terrorist stabbed two Israeli civilians at a light rail stop in Jerusalem. The victims, in moderate condition, were rushed by Magen David Adom (MDA - Israeli medical emergency services) to Shaare Zedek hospital with wounds to his upper body.
- ❖ 81 year old stabbed in a Tel Aviv suburb and a 71 year old stabbed in Netanya
- ❖ An Israeli was struck by a vehicle and seriously wounded in a suspected car ramming attack in the West Bank on Wednesday afternoon.

PMW

The above cartoon was tweeted by Abbas' Fatah movement yesterday. It repeats the Palestinian libel documented by Palestinian Media Watch that Israel is fabricating stabbing attacks, as a pretext for killing Palestinians. The cartoon shows 6 Palestinians lying dead in pools of blood and an Israeli soldier walking by with a basket full of knives, planting a knife by each dead body. Text states in Arabic and English: "Shoot... add a knife... take a photo." [Fatah Twitter account, Nov. 1, 2015]

Shalom Friend,

We are saddened to report that yesterday was another tragic day of terror, as several Israeli citizens were attacked throughout the country. In Rishon Letzion, an 80-year-old woman was stabbed multiple times in her upper body, and a 71-year-old man was knifed and critically wounded in Netanya. Since the onset of the current wave of Palestinian terror, there have been nearly 1000 terror attacks against innocent Israelis. Most don't make the news... Palestinian incitement to terror has reached new heights, primarily fueled by the outrageous, deadly use of social media.

Facebook and YouTube are loaded with videos that openly call for the murder of Jews. Some even include explicit instructions on "how to stab a Jew." **Terror and fear are rampant throughout Israel as Palestinian terrorists dramatically increase their brutal attacks upon the citizens of Israel. And there is no end in sight... From a young age, children in Palestinian schools are taught that Jews are the enemy and must leave "Palestinian land" or be killed. Ingrained hatred of Jews, reinforced by relentless social media campaigns that incite to terror, are all that Palestinians need to go out and start stabbing Jews.**

Following these brutal attacks, when terrorists are brought to justice and shot dead, Palestinians have the audacity to claim that Israel is "executing" innocent youth and planting knives in their hands. These lies are accepted as truth by Palestinians on the street and foster more and more deadly attacks. Worst of all, the mainstream media portrays Israelis as the aggressors in absurd headlines that highlight the deaths of young Palestinians while ignoring their brutal acts of terror.

We are fighting to end US and European funding of the Palestinian Authority, which is equivalent to funding terror. As brave Israeli soldiers fight relentless, bloodthirsty enemies of peace, United with Israel, with its global network of pro-Israel activists and supporters, is fighting the online battle against media bias - Israel's battle for public opinion.

Help us defeat the hateful incitement, terror, media bias and boycotts. Help us to spread the truth about Israel and to inspire, educate and empower millions to stand United with Israel.

The People of Israel need your support right now!

Thank you for standing united with the People, Country and Land of Israel.
