ISSUES

Israel Air Force (IAF) aircraft attacked Hamas terror targets in the Gaza Strip on Monday in response to a rocket fired by Palestinian terrorists at Israel's civilian population earlier in the day.

Since Operation Protective Edge in the summer of 2014, there have been multiple rockets attacks from Gaza and over 40 rockets have exploded in Israeli territory.

(Since Israel withdrew from the Gaza Strip in 2005, terrorists have fired more than 11,000 rockets into Israel. Over 5 million Israelis are currently living under threat of rocket attacks.)

LIBERMAN on GAZA / HAMAS

- ❖ In an effort to communicate directly with the Palestinian people, Defense Minister Liberman warned, that Hamas would be destroyed if it dares attack Israel again.
- ❖ He warned Hamas against testing Israel with violence. "If they (Hamas) impose a war on Israel, this war will be the final war for them; we are going to destroy them completely."
- ❖ However, he said that Israel has no interest in reconquering and occupying the Gaza Strip and emphasized that Israel does not want another war with Hamas.
- ❖ In the interview, Liberman also said that Israel is ready to invest in an airport, sea port and industrial park in Gaza – if Hamas ceases its violent actions against Israel and "stops building tunnels and launching rockets." "Gaza could be the Singapore or Hong Kong of the Middle East," he said

HARAM al-SHARIF

- ❖ The United Nations Educational, Scientific and Cultural Organization (UNESCO) on Wednesday approved a new resolution that yet again denies the Jewish link to the Temple Mount in Jerusalem. The resolution, which refers to the Temple Mount only by its Islamic name, Haram al-Sharif, effectively declares the area holy solely to Muslims.
- ❖ Jerusalem is NEXT! Christians it is time to Take a Stand! Jerusalem is The Undivided Eternal Capital of Israel!

JERUSALEM - UNESCO

- ❖ The UNESCO decision passed Wednesday declaring the Temple Mount to be a Muslim site of worship was immediately countered by the Israel Antiquities Authority, which presented a document dating from the seventh century BCE -- the First Temple period -- in which the name "Jerusalem" clearly appears in ancient Hebrew script.
- ❖ According to the authority, the papyrus document, which had been among the antiquities robbed from caves in the Judean Desert, represents the oldest external source found to date that cites Jerusalem. The document details a shipment to be delivered to the king. Two lines of Hebrew script are extant and feature the words "wine," "king," and "[to] Jerusalem."
- ❖ Although it is known that the kings who ruled Jerusalem in this period were Manasseh, Amon, or Josiah, it is impossible to know for whom the shipment was meant.

BLACK SEPTEMBER

PA Ministry of Education is responsible for naming schools - This is the 4th PA school named after terrorist Salah Khalaf

SATAN 2 - ICBM

- ❖ Russia touts 'Satan 2,' its latest, greatest nuke. The ICBM with 10,000-kilometer range, is capable of wiping out Texas or France, to go into production in 2018.
- ❖ The large payload will allow for the missile to carry up to 10 heavy warheads or 15 lighter ones. It is claimed that the missile will have a range of up to 10,000 kilometers, allowing it to reach all of Europe and both America's east and west coasts.

SIMCHAT TORAH

- ❖ We need the Torah for everything in life! It shows us the way! It teaches us what's right! It brings meaning and fulfillment to our lives! Be sure to attend Simchat Torah services and dance with the Torah! Although an independent holiday, Simchat Torah is often referred to as the last day of Sukkot. Simchat Torah (Hebrew for "Joy of Torah") is unquestionably one of the most festive and joyous holidays of the year. It is the day that we celebrate the completion of the annual Torah reading cycle. The holiday is also especially focused on the children in order to develop within them a love for the Torah.

TORAH PORTION

WARNING: If you forsake study for one day, it will forsake you for two.

Talmud Yerushalmi, Berakhot

Don't know if you have noticed but one must be intentional with it comes to your devotional life - it does not come natural and is the ONE thing that the enemy wants to keep from you, so find your niche and never give up.

"Torah is not education, it's transformation." - *Rebbitzin Dena Weinberg*

We have a new KFIR Torah Study Group that launches this weekend. Our desire is two-fold: 1) to read and study the Word of God and 2) to look for the footprints of Jesus throughout the Torah!

QUOTABLE'S - SELAH

Too bad that all the people who know how to run the country are busy driving taxi cabs and cutting hair.- George Burns

"Success does not consist in never making mistakes but in never making the same one a second time." - George Bernard Shaw - *For how long is Israel going to pretend that Arabs and so-called Palestinians want peace and tolerate terror, as well as international humiliation?*

DUH

The more we lie, the easier it gets, say UK, Israeli researchers. New study shows that over time, lying eventually desensitizes the brain to dishonesty

Indeed, the biochemical link is so strong that scientists could accurately predict in experiments how big a lie someone was about to tell just by looking at the brain scan of their previous prevarications.

“This study is the first empirical evidence that dishonest behavior escalates when it is repeated,” said lead author Neil Garret, a researcher in the Department of Experimental Psychology at University College London.
