Hezbollah and Iranian forces in Syria allegedly amassing along Israel's northern border. Three units of Iranian organized fighters reportedly plan to capture Israeli Golan Heights.

# NEWS BITES

**ULTIMATE DEAL WATCH** – "A senior U.S. official insists that the administration's peace plans are not contingent on Mr. Netanyahu staying in office, and that the White House remains ready to work with a number of Israeli leaders." [[TheNational](#)].

**Two IDF soldiers were wounded**, one seriously, in a ramming attack on Sunday night in what the Palestinians are claiming was a car accident. Hamas praised the "martyrs" killed in the attack.

**Omar's latest anti-Semitic statement is an embarrassment** to Washington and is indeed a sad day for America. Never before has such blatant Jew-hatred poisoned the halls of the US congress. To make matters worse, this "new" Jew-hatred is promoted in the name of "human rights" by a black Muslim lawmaker who never misses an opportunity to portray herself as a "victim of racism."

**House Speaker Nancy Pelosi told reporters:** "I don't think this is just about comments by Congresswoman Omar, which I do not think were intentionally anti-Semitic..."

# LET MY PEOPLE KNOW

Naftali Bennett gave a strong speech with a message to President Trump. Bennett does not want Trump to keep secrets. What “Palestinian” state is being planned? Why is everyone involved besides the Israelis? What is this “deal of the century?” Shouldn’t Israel be able to choose its future? The world should not be choosing Israel’s future for her. What country would ever allow others to decide its fate? But of course, Israel is expected to be passive in its own future.

## 11 Christians Killed Every Day for Their Faith

Last year, Christians were persecuted more than ever before in the modern era – and this year is expected to be worse: "4,136 Christians were killed for faith-related reasons," according to Open Doors USA in its recently published World Watch List 2019 (WWL) of the top 50 nations where Christians are persecuted. "On average, that's 11 Christians killed every day for their faith." Additionally, "2,625 Christians were detained without trial, arrested, sentenced and imprisoned" in 2018, and "1,266 churches or Christian buildings were attacked."

# WAR OVER THE GOLAN

Syrian Deputy Foreign Minister Faisal Mekdad reportedly warned Kristin Lund, head of the United Nations Truce Supervision Organization (UNTSO), that "Syria will attack Israel if it does not leave the Golan Heights."

"We will not hesitate to confront Israel," Mekdad said. "We are also not scared away by its [Israel's] supporters who are helping to perpetuate the occupation of the Golan," he added.

The Syrian official accused Israel of using violence and harming regional stability.

The message has been interpreted as a sign that Syria is concerned that the U.S. will recognize Israel's sovereignty on the Golan Heights.

# TRUMP AND ISRAEL

**Coleman on Democrats criticizing President Trump on antisemitism:** "The president moved the embassy to Jerusalem. The President finally dealt with the scourge of antisemitism reflected in the UN. I mean, the president's actions in regard to Israel and supporting Israel and rejecting antisemitism have been very strong. And when he was not as strong as he should have been on Charlottesville, he was criticized. He was challenged on that. But his actions have shown that without a doubt, the strongest support Israel that we've seen. Let's judge the President by his actions, and every one of those actions have been such that he should be praised."

## **Holocaust explained by Fatah**

"One of the Russian prisoners in World War II wrote in his memoirs: 'In 1941 the Germans made us dig deep pits in the ground. When we finished doing what they wanted, they brought a group of Jews, threw them into the pits, and ordered us to bury them. We refused to carry out this atrocious act. So the Germans ordered to throw us in instead of the Jews, and ordered them to bury us. The Jews began to pour dirt on us without hesitation. The dirt almost covered us, but the Germans stopped them and took us out. We were surprised when the German commander shouted at us: "I just wanted you to know who the Jews are and why we are killing them!"'" [Official Fatah Facebook page, Feb. 27, 2019]
