2 STATE RECAP

DAN'S MUSINGS

"Huckabee's closing message to Christians who are neutral regarding Israel: "Absorb yourself in the Bible".

I am in the midst of recording a series on the book of Zechariah. Many Believers are unaware of the detailed eschatology found in this Old Testament book. The 8 visions that took place in one night go from chapters 1-6, they detail Israel's role in future times, so when I read the above quote from Huckabee I thought I would sound the shofar and encourage you all to heed his advise. I'll end with a line from an old Larry Norman song regarding end times ... "If you are truly wise then keep your eyes of Palestine!" (Israel)

NEWS BITES

Congresswoman Rashida Tlaib compared "racist" Israel to 19th century US segregation.

Rouhani says Iran prepared to talk to US if it rejoins nuclear deal

Nasrallah warns Israel could be 'wiped out' in war between US and Iran. Pointing to map of Israel, Hezbollah leader specifies the targets his terror group could hit, claims its precision missiles can reach Eilat.

Filmed in Israel, "Our Boys," a new HBO series scheduled for August, centers on the events leading to the 2014 Gaza war, beginning with the abduction and murder of three Israeli boys and calls for revenge.

Netanyahu: Some in Europe won't wake up until Iran nukes land on them.

Israeli Prime Minister Benjamin Netanyahu will have to decide whether to issue a waiver to allow Omar and Tlaib to enter the country because they're supporters of the BDS movement.

PROGRESSIVES DEMS AND TRUMP

US President Donald Trump continues to put Israel at the center of his tirade against progressive women in the US Congress, saying they "have made Israel feel abandoned by the US."

He writes: "If Democrats want to unite around the foul language & racist hatred spewed from the mouths and actions of these very unpopular & unrepresentative Congresswomen, it will be interesting to see how it plays out. I can tell you that they have made Israel feel abandoned by the U.S."

US President Donald Trump doubled down Sunday night on his comments assailing a group of Democratic congresswomen of color as foreign-born troublemakers, saying it was "sad to see the Democrats sticking up for people who speak so badly of our Country and who, in addition, hate Israel with a true and unbridled passion."

TRUTH SPOKEN HERE

Censorship of Conservatives

What kind of world do we live in that censorship of Conservatives has become the norm on social media? Why has it become the accepted practice? Big Tech has been called out. Everyone is now aware. It is shameful.

Progressives are supposed to be against discrimination. But that is all they seem to know how to do: To be biased. They discriminate against anyone who has different beliefs. Free speech? Well, Conservatives are being censored. So apparently, free speech only applies to the other side of the political spectrum.

BDS AND ILHAN

Rep. Ilhan Omar (D-MN) is challenging bipartisan efforts in the House to oppose the Boycott, Divestment and Sanctions (BDS) movement against Israel, and expects to introduce her own pro-BDS legislation, *Al-Monitor* [reported](#) Tuesday.

"We are introducing a resolution... to really speak about the American values that support and believe in our ability to exercise our first amendment rights in regard to boycotting," Omar told *Al-Monitor*. "And it is an opportunity for us to explain why it is we support a nonviolent movement, which is the BDS movement."

HAMAS – KILL JEWS

A senior Hamas official has urged members of the Palestinian diaspora to kill Jews around the world. Fathi Hammad, a member of Hamas's politburo who is considered a hard-liner and is known for his fiery rhetoric, made the statement in a speech at a protest in the border region between the Gaza Strip and Israel on Friday.

"Our patience has run out. We are on the verge of exploding. If this siege is not undone, we will explode in the face of our enemies, with God's permission and glory. The explosion is not only going to be in Gaza but also in the [West] Bank and abroad, if God wills," Prime Minister Benjamin Netanyahu's Arabic-language spokesman, Ofir Gendelman, tweeted Sunday that Israel would "use [Hammad's comments] to gather support for us and reveal Hamas's true face. Thanks Fathi!" Hammad said,

NASRALLA BARKS

Nasrallah is confident in Hezbollah victory. He said that he is "confident of victory" and that "Israel is weaker than a spider web." "Once we could strike targets south of Haifa. Today, we can say that if Israel had sites south of Eilat, we could hit them too. All of Israel is within range of our missiles," he said. Nasrallah presented a map of Israel in which, he claimed, 1,000 targets are marked.

(A normal independent country would consider it as a declaration of war, but not Israel! Must we wait till enemies start killing Jews?)

PA - MASS MURDERERS

Mahmoud Abbas' Fatah movement believes that mass murder of children is "legitimate human struggle... that all human laws guarantee" - on condition that the murderers are Palestinians and the victims are Israelis. According to Fatah, since Israel has been an "occupier" since the day of its establishment "71 years" ago in 1948, Palestinian murder of any Israeli, adult or child is something "that all human laws guarantee for the oppressed peoples that are struggling to be redeemed from injustice and occupation." Accordingly for Fatah, as long as Israel exists Palestinians will have the right to kill Israeli children, as part of its "legitimate" struggle to destroy Israel.

2 STATES RECAP

Two-State Solution

The two-state solution would mean Israel has to completely leave the area of Judea and Samaria, what the world calls The West Bank. It would mean that Israel's borders would be indefensible. Israel would be completely surrounded by terrorists who want to destroy it – in Gaza, Judea and Samaria, AND the countries surrounding Israel! Why would Israel ever put itself in that situation?

They Don't Even Want Two-States!

The thing is, the Palestinian Arab leadership does not even want two-states. They want one state – a Palestinian Arab state. Without a Jewish state. They have made it clear on every occasion that they will NOT recognize Israel. So again, why would Israel EVER put itself in that situation and allow itself to be obliterated? Why would they put their people at risk that way? But oddly enough, that is exactly what the world is asking Israel to do. They are literally asking Israel to commit suicide and allow the only Jewish state to be wiped off the map.

So let's face it: A two-state solution cannot exist under this current Palestinian Arab leadership with the current proposal. And besides, why does everyone ask Israel to give up their homeland, but they refuse to ask the 22 Arab countries to give up any of their land for the Palestinian Arabs?

Getting Iran Out of Syria Is No Easy Task Israeli air power isn't enough. And it's not clear the Russians could do it even if they were willing.
