DAN'S MUSINGS

As I was reading this week for our KFIR PSLAMS PROJECT (148) I began to wonder just how much of my actions and thought life actually constituted authentic praise. I wondered what my praise pie chart would actually look like? If my pie chart was 100%, I wonder how much of my PRAISE goes to God vs Facebook, Instagram, ESPN, Bleacher Report, Prime, NetFlix, YouTube, favorite TV shows, those programs that we just binge watch, and so on If there was a computer program that all this data could be inputted in and the results spit out ... I wonder if I would be content with the results?

NEWS BITES

BOTTOMLINE: Congresswoman Ilhan Omar compared the anti-Israel resolution she's sponsoring to boycotts of Nazi Germany and the Soviet Union,

Israel Will Allow Controversial US Congresswomen Omar, Tlaib to Visit Country, Ambassador Says.

With Iranian military threats in mind, the United States is sending to Saudi Arabia jet fighters, missiles and hundreds of troops.

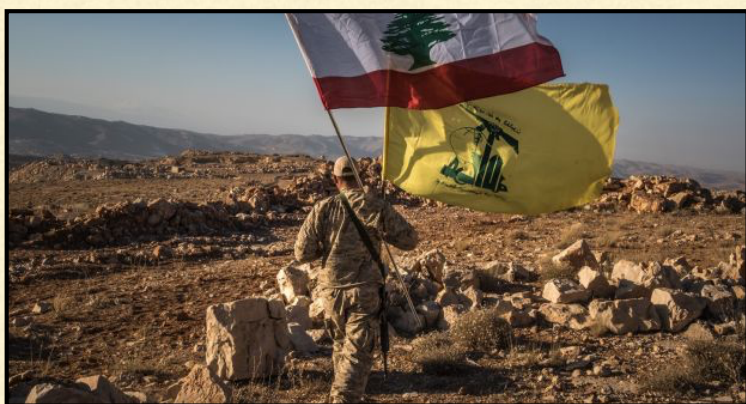

It's official: Benjamin Netanyahu passed David Ben-Gurion as Israel's longest serving prime minister.

HEZBOLLAH THREATENS WAR

Hezbollah commanders told The Daily Beast they're preparing for war with Israel along the Lebanese and Syrian borders. The commanders confirmed sanctions on Iran are having a major financial impact on the terror group, but insisted morale is high.

Samir, a senior Hezbollah commander who oversees 800 Hezbollah guerrillas, told the Daily Beast in an interview that as soon Iran gives Hezbollah the green light, they will wage war against Israel. The officer, who only goes by the name 'Samir' couldn't reveal his full name as he is not authorized to talk to the press. The official also said that the next war will be much different from those that came before. He added that the Iranian backed guerrilla organization "will fire the first shot this time". According to the source, Hezbollah has amassed troops on with Israel both on the Lebanese border and the Golan Heights border with Syria.

HAMAS IN IRAN

The TV report on Monday says Ayatollah Ali Khamenei held talks with Hamas' deputy chief, Saleh al-Arouri, who is heading the delegation. The Hamas delegation also met with Kamal Kharrazi, an adviser to Khamenei. "Hamas is Iran's first line of defense," said Al-Arouri following the meeting.

The supreme leader issued a statement at the end of the meeting, calling the U.S. peace proposal - dubbed "the deal of the century" - a "dangerous plot" intended to destroy Palestinian identity with money.

"This is the main point that one should resist, and not allow them to eliminate the Palestinian identity using money ... several years ago, Palestinians were fighting using stones now they have precision rockets," he said.

ON THE HILL – by JI’s Laura Kelly: The House voted overwhelmingly to condemn the Boycott, Divestment and Sanctions (BDS) movement against Israel, closing one chapter on an issue that **stoked deep divisions** among Democrats since the early months of the 116th Congress. While the vote passed with a majority of 398 Democrats and Republicans, there were 17 no votes and five abstentions.

Rep. Rashida Tlaib (D-MI) claimed on Wednesday that some of her Democratic colleagues don’t understand much about the Israeli-Palestinian conflict and didn’t necessarily understand the anti-BDS resolution that passed this week with overwhelming bipartisan support.

ALTERNATIVE VIEW

Laurie Cardoza-Moore suggested: "Ilhan Omar and Rashida Tlaib seek the absolute destruction of the State of Israel. They have proven in word and action that they hold deep-rooted hate for Jews and Israel. Allowing them entry into the Jewish State will only embolden them to further their hate-filled agenda and incite terror attacks against Jews and Christians in Israel and abroad. They have both raised money for American front groups of the Muslim Brotherhood like the Council on American Islamic Relations (CAIR) and Islamic Relief USA. These women are effectively Hamas representatives in Congress that endanger Israel and America. If Ilhan Omar wants to visit her Hamas friends in Gaza, she can use the terror tunnels from Egypt. She can then witness first hand the impact of her fundraising efforts and report back to her constituents about her successful campaign. No need to come through Tel Aviv".

A YELET SHAKED

Former Justice Minister Ayelet Shaked assumed the leadership of the New Right party on Sunday, ahead of September's repeat elections. Party co-founder Naftali Bennett said he would be her No. 2.

Addressing a raucous crowd that chanted her name, Shaked called on smaller right-wing parties to unite saying it would be an "insurance policy" that will "preserve Israel's values."

"I call upon the heads of the ideological parties to the right of Likud [to unite]. The differences between us are minor given the challenges that lie ahead," she said.

The Jewish people worldwide are now observing a period known as “The Three Weeks” in which they mourn and bemoan the destruction of Jerusalem.

This period begins on the 17th day of the Hebrew month of Tammuz and continues through to the 9th day of the month of Av.

This week’s KFIR BIBLE STUDY covers Zechariah 7, which speaks of fasting and days of mourning. Check it on our YouTube channel - Dan Stolebarger
