DAN'S MUSINGS

The Anglican Church is close to removing a prayer for the conversion of the Jews from its official liturgy. The prayer will be replaced with one calling for "reconciliation with the Jews." If ratified the motion will go into effect and the church will no longer officially call for Jews to abandon their faith.

I KNOW God has not cast them off forever
What I don't know is the when and how
But I do know that Jesus said ... ONE WAY and I
cannot bring myself to accept the above

In the meantime GEN 12 is still in effect and acts of Kindness and Love just may be the way in which Israel will come to know their true Messiah!

NEWS BITES

Our Palestinian "peace partners" shot off fireworks in celebration as terror victim Dvir Sorek - "I was buried this evening, in full view of the mourners." The self-proclaimed "champions of peace" and the "2-state solution are not advancing peace. They are apologists for evil. **Caroline Glick.**

Are there actually congresswomen today who support violent riots against the State of Israel? The answer is unfortunately yes. AOC qualifies her support of the violence by saying that the protesters have no choice but to riot. Again? They have no choice? What about the choice to not riot?

The United Nations called the Palestinian Authority onto the carpet for hate speech, antisemitism and incitement appearing in official textbooks and government statements.

Iran general: Hezbollah strong enough to annihilate Israel on its own

A BATTLE FOR THE MOUNT OF GOD AND ALL OF ISRAEL

TEMPLE MOUNT

"In the eyes of Islam, Islam did not come to the world to live alongside Judaism and Christianity. Islam came to the world to take their place. Furthermore, in order to build itself from the ruins of Judaism and Christianity, everything that was once Jewish or Christian became Muslim" Kedar said.

Providing an example, the professor continued: "Abraham became the first Muslim. All the churches they conquered became mosques. King Solomon built a mosque in Jerusalem according to the Muslim version" he said facetiously.

As Islam sees it: "when a Jew prays, it's bad. When he prays in Jerusalem, it's even worse. But when a Jew prays on the Temple Mount...There is absolutely nothing worse! Because then he'll build the holy Temple, Judaism will return to relevancy and Islam will have to return to the desert because it will no longer have any reason to be in the world."

KILLERS ARRESTED

The Israeli army said in a statement Saturday that members of the cell that killed Dvir Sorek, 18, outside a town near Hebron were arrested and the car they used in the attack was seized. According to the *Times*, the two family members were asleep at home around 3 a.m. when security forces showed up and apprehended them.

Two other family members were also detained in the raid, Qassem's wife Ines and Nasir's brother Akrama, based on evidence that these two helped the suspects hide after the murder. During the arrest, around 100 Beit Kahil residents attacked troops with stones.

Following the murder, Palestinian terror groups Hamas and Islamic Jihad praised the attack.

DEM'S ANTI-ISRAEL

McCarthy also called out Sen. Kamala Harris (D-CA) amid his charge that Democrats have moved away from Israel: "Kamala Harris wouldn't even go to the AIPAC meeting this year inside Washington. There's a number of Democrats that still stand with Israel but this new socialist Democrat group has a much different belief."

Worth noting: Kamala Harris did meet with AIPAC leadership on Capitol Hill during the group's conference earlier this year.

Palestinian Authority President Mahmoud Abbas faced criticism on Wednesday for [snubbing](#) a delegation of Republican House members after meeting with a similar group of Democratic lawmakers last week.

NO ENTRY !! ??

Israel has decided to bar US congresswomen Ilhan Omar and Rashida Tlaib from entering the country, following fierce debates on the matter in the Prime Minister's Office, Channel 12 reported on Thursday.

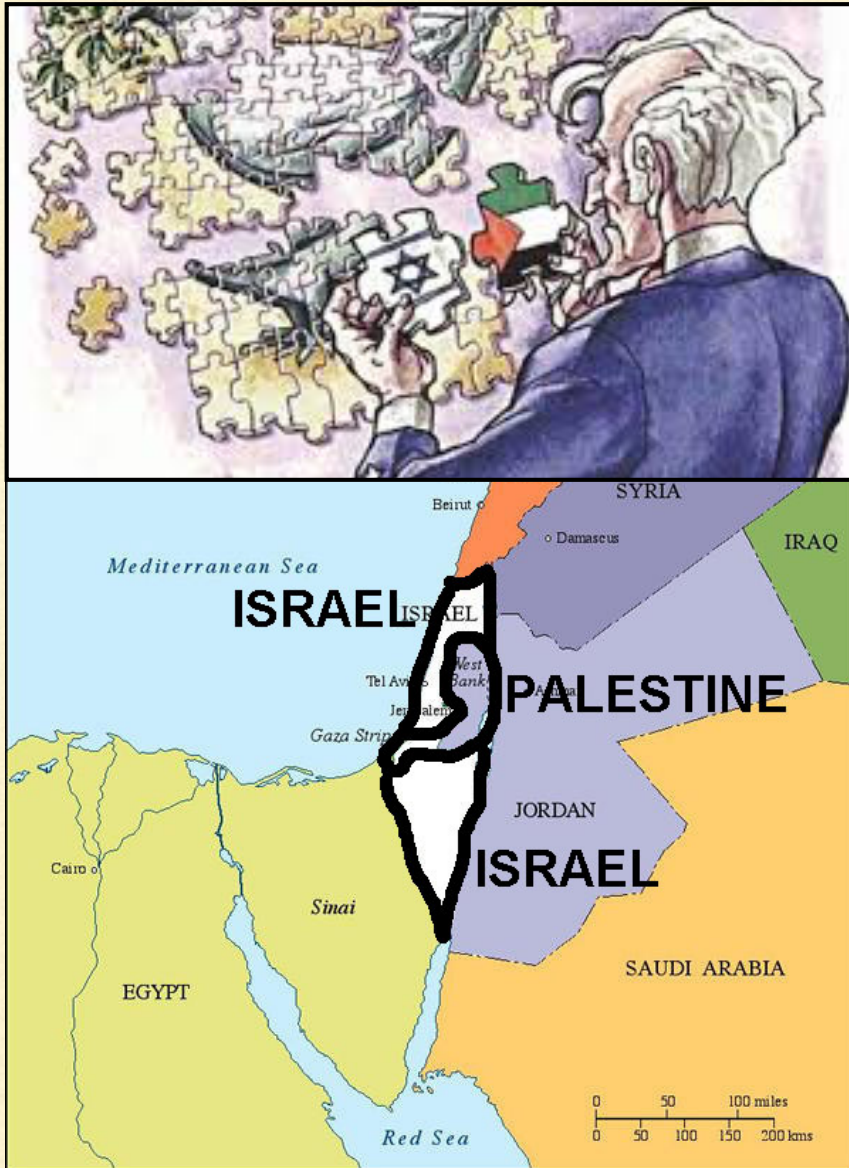

The unconfirmed report, which did not cite a source, said the final decision was being drafted and passed around for revisions before the move is publicly announced. The reason cited for the move is reportedly "suspected provocations and promotion of BDS," a reference to the anti-Israel boycott movement.

Donald Trump says if Israel admits congresswomen Rashida Tlaib and Ilhan Omar into the country it would be showing "great weakness," amid reports Jerusalem is going to bar the pair.

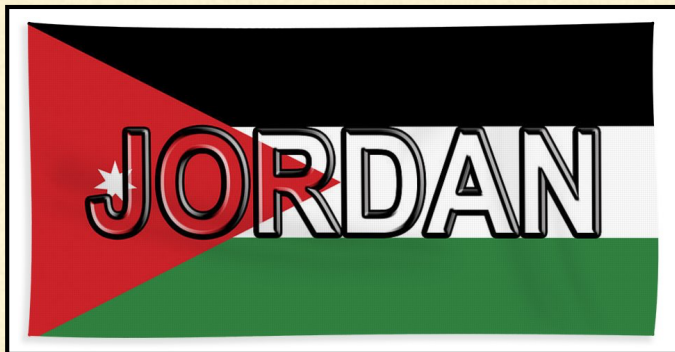

2 STATE SOLUTION

TOP TALKER – Congress defends two-state resolution after Knesset critique – by JI's Jacob Kornbluh and Amy Spiro: Democratic and Republican House members are pushing back against Israeli criticism of a recent bipartisan resolution that included support for a two-state solution. Twenty-one members of Knesset wrote a letter earlier this week criticizing the language in the anti-BDS resolution, and claiming that the creation of a Palestinian state would be "far more dangerous for Israel" than the BDS movement.

3RD INTIFADA

In an article published in [Israel Hayom](#), Mudar Zahran, the secretary general of the “Jordanian Opposition Coalition” says that Jordan’s King Abdullah is “creating a diversion while developing plans for a third Intifada, along with a variety of acts of systematic incitement against Israel and the US.”

Abdullah’s kingdom is in trouble and is feeling the pressure from internal “riots, protests, and unrest that have been hitting Jordan for months and people are calling him out, hurling insults at him in public” even though insulting the King can carry with it a 15-year prison term.

According to Zahran, the [King](#) will use Jerusalem, more specifically, the Temple Mount, to divert internal crises towards Israel.

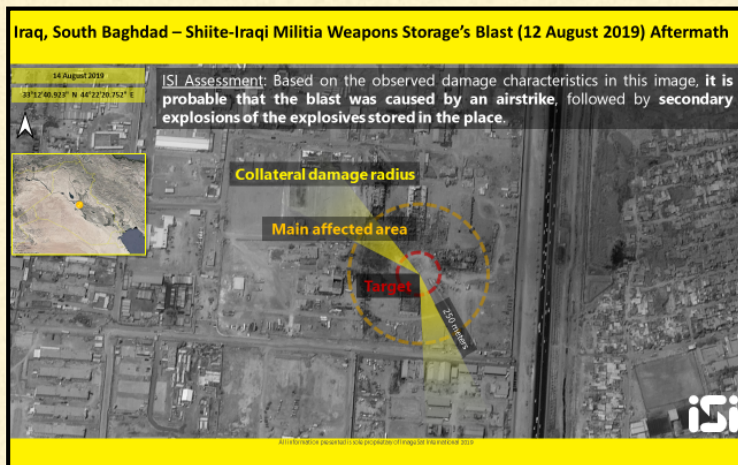

IDF STRIKES IRAQ

Baghdad was rocked by explosions at a weapons depot south of the Iraqi capitol. Reuters reports the facility, run by an Iranian-backed Shiite militia, stored short-range and Katyusha missiles.

Although a police source said it appeared to be the result of a fire caused by "poor storage conditions," Arab reports picked up by the Jerusalem Post suggested an unidentified aircraft was spotted after heavier rockets were transferred there.

In recent weeks, reports have surfaced of Israeli strikes on Iranian targets in Iraq. Israeli officials didn't comment on yesterday's incident. More background at the Times of Israel.

THEY ARE KIDS!

Two Muslim kids exited the Temple Mount and ran to commit a stabbing attack on Israeli police officers. Thankfully, only one police officer was lightly wounded in the arm. The other police officers at the scene shot at the two young kids and stopped their attack.

What kind of society educates their children to commit "suicide" missions and stab police officers? The same society that educates its children that Jews are evil. The same educational institutions that run military training camps for their children. The same society where parents teach their little kids how to stab. It is death, genocidal culture called "palestine".

GAZA WALL

Per Israeli media reports, the IDF plans to build a defensive wall to provide additional protection for communities near the Gaza border. The wall would stretch nine km (six miles) between Sderot and Kibbutz Yad Mordechai.
