DAN'S MUSINGS

Close you eyes and think about what is going on ... Israel is surrounded, the US has made the statement that we are not concerned about the Middle East any more ... the downside of AMERICA FIRST! The Kurds are being invaded by the Turks and the solution seems to be the formation of the Gog / Magog coalition that we read about in Ezekiel 38-39. Think about Turkey, Iran and Russia pulling the strings in the Middle East! Friends, that is the world we are living in today!

One thing for certain is that OUR God is not surprised, He holds Israel in the palm of His hand! But you have to admit - the end times chessboard in now set up!

NEWS BITES

Trump defends Syria move: For us, 'the stupid, endless Mideast wars are ending!'

Pressed on the situation by reporters during a White House event, Trump said he was open to imposing sanctions on Turkey if the Turks do not treat the Kurds humanely. Asked what he would do if Turkish President Recep Tayyip Erdoğan were to wipe out the Kurds, Trump said: "I will wipe out his economy if he does that."

TURKEY IN PROPHECY

Turkey is known as the location of Mount Ararat, the resting place of Noah's ark. That region was settled by the descendants of Gomer in what is now modern Turkey., a nation listed by Ezekiel as being part of the Gog and Magog alliance against Israel

Turkish tanks are grinding across the border into Syria with the intent to crush the Kurdish forces who have allied with the U.S. in its fight against ISIS.

Viewed through a political lens, Turkey presents a murky image of a finicky ally of the U.S. but when viewed with the eyes of prophecy, Turkey's role as a leader in the Gog and Magog pre-Messiah War comes into clear focus.

US AND THE KURDS

“The Kurds fought with us, but were paid massive amounts of money and equipment to do so. They have been fighting Turkey for decades. I held off this fight for almost 3 years, but it is time for us to get out of these ridiculous Endless Wars, many of them tribal, and bring our soldiers home. WE WILL FIGHT WHERE IT IS TO OUR BENEFIT, AND ONLY FIGHT TO WIN,” he continued.

“Turkey, Europe, Syria, Iran, Iraq, Russia and the Kurds will now have to figure the situation out, and what they want to do with the captured ISIS fighters in their ‘neighborhood.’

GRAHAM AND HALEY

Top allies of Trump castigated the US president, after his surprise announcement that US forces would withdraw from Syria and allow a Turkish offensive against US-allied Kurds, saying the move would enable Iran to gain a greater foothold in Syria and render Israel militarily vulnerable. "The most probable outcome of this impulsive decision is to ensure Iran's domination of Syria," tweeted Senator Lindsey Graham, a Republican. "The U.S. now has no leverage and Syria will eventually become a nightmare for Israel."

Former US envoy to the UN Nikki Haley said Trump, her old boss, "We must always have the backs of our allies, if we expect them to have our back. The Kurds were instrumental in our successful fight against ISIS in Syria. Leaving them to die is a big mistake.

US - SYRIA - KURDS

The US surprise decision to announce that it would withdraw from an area along the Syrian border and enable a Turkish military operation into northern Syria raises many questions about long-term US policy in the Middle East.

It is also concerning to Jerusalem because both Iran, an enemy of Israel, and Turkey, appear to gain as the US retreats. The US decision to open the door for a Turkish invasion of eastern Syria is seen as a betrayal among US partners on the ground in Syria, and particularly among many Kurds. Across the region it is also seen as the US, once again, letting down allies.

SUMMARY

Turkey's invasion of Syria may be, for the United States, a strategic error. But for Syrian Christians, Yazidis, and other religious minorities as well as women, it is a disaster. Northeastern Syria had its problems, but it was the freest and most stable part of the country.

#OperationPeaceSpring will neutralize terror threats against Turkey and lead to the establishment of a safe zone, facilitating the return of Syrian refugees to their homes," Erdogan tweeted Wednesday. "We will preserve Syria's territorial integrity and liberate local communities from terrorists."

While ISIS holds virtually no more territory, the United States warns there are still tens of thousands of ISIS fighters in hiding in both Iraq and Syria.

Thousands of ISIS fighters who were captured during major battles against the terrorist group are being held by the SDF. Somehow, all these fighters may be handed over to Turkey.

As many Syrian Kurds prepare to fight and others run in the opposite direction, thousands of terrorists and two holding facilities containing displaced ISIS members and ISIS survivors will be left ungoverned.

This poses a serious risk as ISIS will have an opportunity to reestablish itself

This 12-year-old boy, was subjected to several months of antisemitic abuse that began with an incident in which he was forced to kiss the shoes of a Muslim fellow-student. The boy's mother revealed that her son had been lured into a public park by fellow students who invited him to play football. As soon as he arrived, he was presented with an ultimatum: Bow down and kiss the feet of a Muslim child, or face the threat of violence by the nine other 12 and 13-year-olds. Vastly outnumbered, the student complied. The incident was photographed, filmed and posted on Instagram.

U.S. Ambassador to Israel David Friedman attended a global day of prayer for peace in Jerusalem broadcast to over 200 million evangelical Christians, held at the Tayelet Haas Promenade on Sunday.
