NEWS BITES

Trump's impeachment inquiry and now Netanyahu's indictment. Two strong leaders being brought down for the same reason. This is bad news. Watch for a deep dive on the implications of this indictment

Israel's March Elections Fall on Purim.

Relations between Jordan and Israel are at an "all-time low" King Abdullah told the Washington Institute for Middle East Policy.

Ilhan Omar was recruited by and received funding from Qatar a Florida court was told. She also passed sensitive information via intermediates to Iran reports Al-Arabiya.

Several thousand Israelis rallied on Tuesday in support of Benjamin Netanyahu as he faces the gravest threat to his political survival after corruption charges and two failed elections. Organizers pegged the number of participants at 15,000. Held under the banner "Stop the Coup".

RIBI INDICTED

The indictment against Netanyahu is based on allegations that he accepted hundreds of thousands of dollars' worth of champagne and cigars from billionaire friends (Case 1000), offered to trade favors with a newspaper publisher (Case 2000), and used his influence to help a wealthy telecom magnate in exchange for favorable coverage on a popular news site (Case 4000).

ISRAEL HAYOM

DRONE SWARMS

China is one of the nations leading the charge on the development of drone swarm technology. Some reports indicate that China has successfully tested a swarm of one thousand drones. And China appears to be interested in swarm capability as a method of attacking US aircraft carriers.

Several test simulations by the US Navy have shown that drone swarms are consistently able to get past ship defenses that are geared towards shooting down single planes. This weakness means it makes sense to attack an enemy ship with a large number of cheap drones rather than one missile costing the same. Ironically, the best counter to drone swarm attacks being studied is a defensive drone swarm that can intercept the offensive ones.

BIBI FALLOUT

The fallout from Prime Minister Benjamin Netanyahu's indictment was swift. Top legal officials will meet to decide burning questions such as: Can an indicted Netanyahu form a government? The PM is already expected to relinquish his agriculture, health, social affairs and diaspora affairs portfolios in the coming days, per Israeli media reports.

In the first direct challenge to Netanyahu's leadership of the Likud, MK Gideon Saar formally called for a snap leadership primary. Saar insists he can form a unity government and avoid an unpopular third election. Blue and White reiterated that it won't partner with Likud as long it's led by Netanyahu.

The latest polls indicate more than half the population thinks Netanyahu should step down.

SA'AR BID FAILS

Sa'ar's gambit to replace Netanyahu quickly falls flat

His idea was simple and smart: Force snap primaries for the Likud leadership to ensure the party remains in power before the Knesset disperses. But the decision to hold the primaries after the Knesset disperses and before another general election makes Netanyahu the heavy favorite again.

BUTLER UNIVERSITY

Butler University students fly the flag of the PFLP terror organization on their campus. PFLP is a recognized terrorist organization by the European Union, the United States, Canada and Israel. This terror organization also happens to be well-represented in Palestinian Authority civil society, with many NGO board members, officials and employees hailing from its ranks.

Why are US college students waving the flag of a recognized terror organization? This is an extremely disturbing level of hatred and brainwashing going on on Western college campuses today. And it all starts with the ant-Israel agenda BDS agenda.

JEWISH QUARTER

The Muslim Waqf intends in about two weeks to open the Sidna Omar mosque, abandoned since the liberation of the Jewish Quarter in 1967. The Waqf, under Jordanian control, financed the renovation of the building, readied it for operation and even appointed an Imam. So far there has been no public reference to the matter has been made by the police or by the Minister of Public Security in what appears to be a violation of the status quo between the Jewish and Muslim residents. The opening of the mosque is expected to significantly increase movement of residents from the eastern part of the city and Muslims in the streets of the Jewish neighborhood in the Old City. Residents of the Jewish Quarter were stunned by the move that was not coordinated with them and that landed on them by absolute surprise yesterday (Wednesday).

CAN YOU IMAGINE

Jordan is in the final stages of renovating the Sidna Omar mosque in the heart of the Jewish Quarter in the Old City of Jerusalem. Residents of the Jewish Quarter report that prayers have already been held in the mosque in recent days, and expressed fear that Muslim prayers in the heart of the Jewish Quarter and in close proximity to the Hurva synagogue will increase religious tension in the Old City.

(Have any synagogues been opened in Jordan or Saudi Arabia? When will the self-destructive stupidity of 'political correctness' and appeasement of enemies end?)

DEMOS VS TRIUMP

106 Democrat Congressmen including 12 committee chairmen sent a letter to Secretary of State Mike Pompeo on Friday calling on him to rescind the U.S. policy stating that it is legal for Jews to live in Judea and Samaria. The initiative for the letter was led by Andy Levin, a freshman Jewish congressman (D-Michigan). The signatures represent almost half of the 233 Democrats in the House of Representatives. Included in the signatures were those of Alexandria Ocasio-Cortez (NY), Rashida Tlaib (Mich), and Ilhan Omar (Minn).
