# NEWS BITES

- \* A recent article in *WAFA*, a Palestinian news site, described a bizarre pre-Christmas ceremony in which Jesus was described as a "Palestinian guerrilla fighter."
  - \* Israeli residents in south rage at government paralysis: 'We're sick of restraint.' Protesters in Sderot demand a unity government because "80,000 residents are worth the effort."
  - \* *On Friday, U.S. Ambassador Kelly Craft held her first press conference since arriving at the United Nations in September. During the event, Craft vowed that she would strongly oppose Israel being used as "a punching bag" by the U.N. Security Council.*
  - \* According to numbers released by the Shin Bet (Israel Security Agency), more than 2,600 rockets and mortars have been fired over the past two years from Gaza. 1,500 rockets fired from the Gaza Strip into Israel in the past year alone. In May 2019, Hamas and Palestinian Islamic Jihad (PIJ) launched 690 rockets and mortars towards Israel, again over the span of less than 48 hours.

# THIRD ELECTIONS

It's Official: Israel Heading to 3rd Round of Elections Just as Prophesied by Mystic Rabbi i Yitzchak Kaduri

One day, he was taking questions and someone asked when the Moshiach (Messiah) would arrive and whether there were signs the would precede his arrival. The rabbi answered, 'When there will be elections but there will not be a government'.

# ISRAEL / IRAN

Foreign Minister Yisrael Katz told the Italian newspaper *Corriere della Sera* on Friday that Israel's commitment to prevent a nuclear Iran included risking a war by bombing the Islamic Republic if necessary.

When asked if an airstrike is something that Israel is considering, Katz replied, "Yes, it's an option. We will not allow Iran to produce or obtain nuclear weapons. If it were the last possible thing to prevent it, we will act militarily."

# 2 STATE SOLUTION?

Two Fatah officials have recently repeated the PA and Fatah's uncompromising stance that "Palestine" includes all of the State of Israel in addition to the PA areas and Gaza, and that Jews/Israelis are nothing but temporary "invaders." This position of course leaves no room for a two-state solution which the PA and Fatah claim - to foreign audiences - they support.

Representatives Rashida Tlaib (D-Mich.) and Ilhan Omar (D-Minn.) rejected an effort by their fellow Democrats to pass a resolution affirming the United States' support for a two-state solution to the Israeli-Palestinian conflict.

# EU – BDS

The European Union has, over the years, become increasingly hostile towards Israel. That attitude was confirmed in early November when the Court of Justice of the European Union ruled that food products made in the so-called settlements of East Jerusalem, the West Bank and the Golan Heights must be labeled as such and may not carry the generic label "Made in Israel."

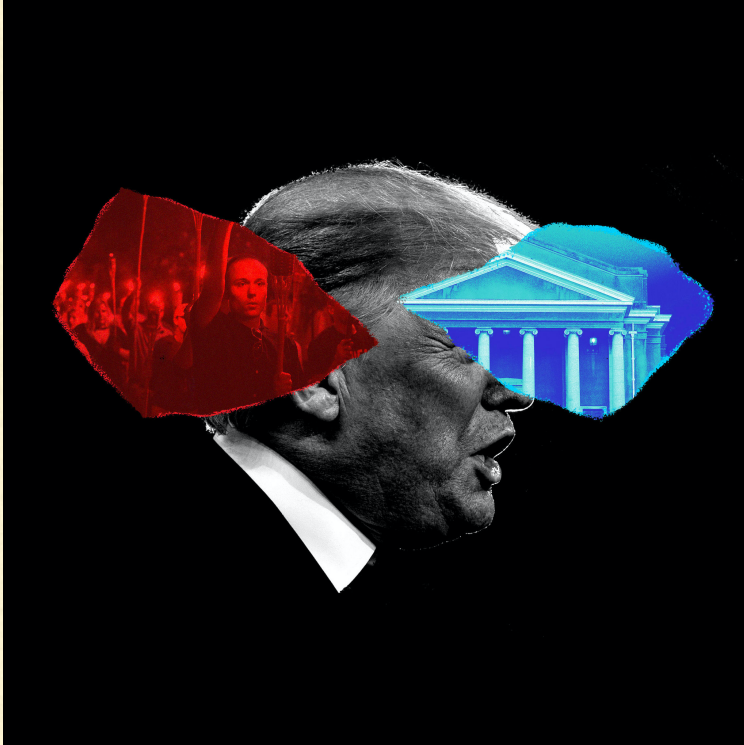

# TRUMP – EX ORDER

Flanked by evangelical Christian leaders, Jewish members of his administration, and even a few House Democrats, US President Donald Trump signed an executive order Wednesday that would target alleged anti-Semitism – primarily in the form of Israel boycotts – on college campuses.

At the annual White House Hanukkah Party, Trump put into place an order that will apparently require the US Department of Education to effectively interpret Judaism as a race or nationality, not just a religion. That will force the US government to withhold funding from colleges and universities if they fail to confront discrimination against Jewish students.

# DEAL WITH THE DEVIL

You can always count on Nikki Haley to stand up for Israel. It is truly appalling what Canada did to Israel. They actually sided with North Korea, a dictatorial, tyrannical regime, over Israel. And why? Because they want to be voted in and get a seat on the UN Security Council. But at least Nikki Haley calls out Canada for their "deal with the devil."

# POPE FRANCIS

## **Pope Francis Compares President Trump to King Herod**

In a report published on Thursday, it was reported that while on a recent visit to Buddhists in Thailand, Pope Francis addressed the issue of refugees, comparing the policy of building walls and detention centers to the acts of King Herod who killed Jesus.

# BABY MUHAMMAD

Elijah and Layla have indeed been knocked off and replaced by Muhammad and Aaliyah in BabyCenter's top 10 U.S. baby names for 2019.

In the boy's category, Muhammad rose four spots from the 2018 list to crack the top 10. Muhammad means "praised one" in Arabic and was the name of the prophet in the Islamic faith who founded the religion in the seventh century.

"Muhammad's been rising on BabyCenter top baby name lists around the world, so we knew it would soon break into the U.S. top 10," says Linda Murray, BabyCenter's global editor in chief in a press release.

# DID YOU KNOW

Christians are running for their lives and Jews are running to Israel for safety. As The Gatestone Institute reports, the numbers of Christians being killed for their faith is "too many to count."

Pope Francis just stated that fundamentalist Christians are a "scourge." Jews and Christians are the "people of the book" and the predicted last days' condemnation on both has risen to new heights in the last year.

We are just one election away from the complete U.S. abandonment of Israel if a leftist gains the White House. Millions of free Americans long to have our country succumb to Socialism and some are praising Marxism. Again, an irrational delusion.

Social justice and "critical race theory" became prominent in the evangelical church that once emphasized soul-winning. Bible prophecy and Christian support for Israel fell deeper into obscurity in the church.

There are now more witches in America than there are Presbyterians according the Pew Research Center.
