IDF PREPS FOR WAR

Israel's defense establishment estimates that Hezbollah will try again to attack Israeli troops before the Jewish holidays, which begin on the evening of Sept. 18 with the Jewish New Year.

They base their assumptions on ongoing threats against Israel emanating from the Iranian-backed terror group. The IDF admits it doesn't know what form the next incident will take, whether a rocket attack, the infiltration of a terror cell or a sniper attack.

UAE SPEAKS OUT

Dubai Deputy Police Chief Lt. Gen. Dhahi Khalfan Tamim, Tamim went on to say that it was not only the leaders, but also the public in the Gulf s "If Abbas were a worthy leader, he would have resolved the Palestinian problem or resigned." states that was dissatisfied with the Palestinians. How could public opinion in the Gulf states be expected to favor Palestinians when they pray for the destruction of these countries in their mosques? he asked. He then addressed Hamas leader Ismail Haniyeh directly, saying, "Haniyeh, when you are being hostile to Saudi Arabia and open your arms to Iran, who do you think you are? Go to Iran and let them help you. Go to hell!" Iran has three choices, all of which lead to Tel Aviv, he said. "It can die economically, or it can sign a peace agreement with Israel and coexist with the region," said Tamim. "The third option is the fall of the regime of the mullahs."

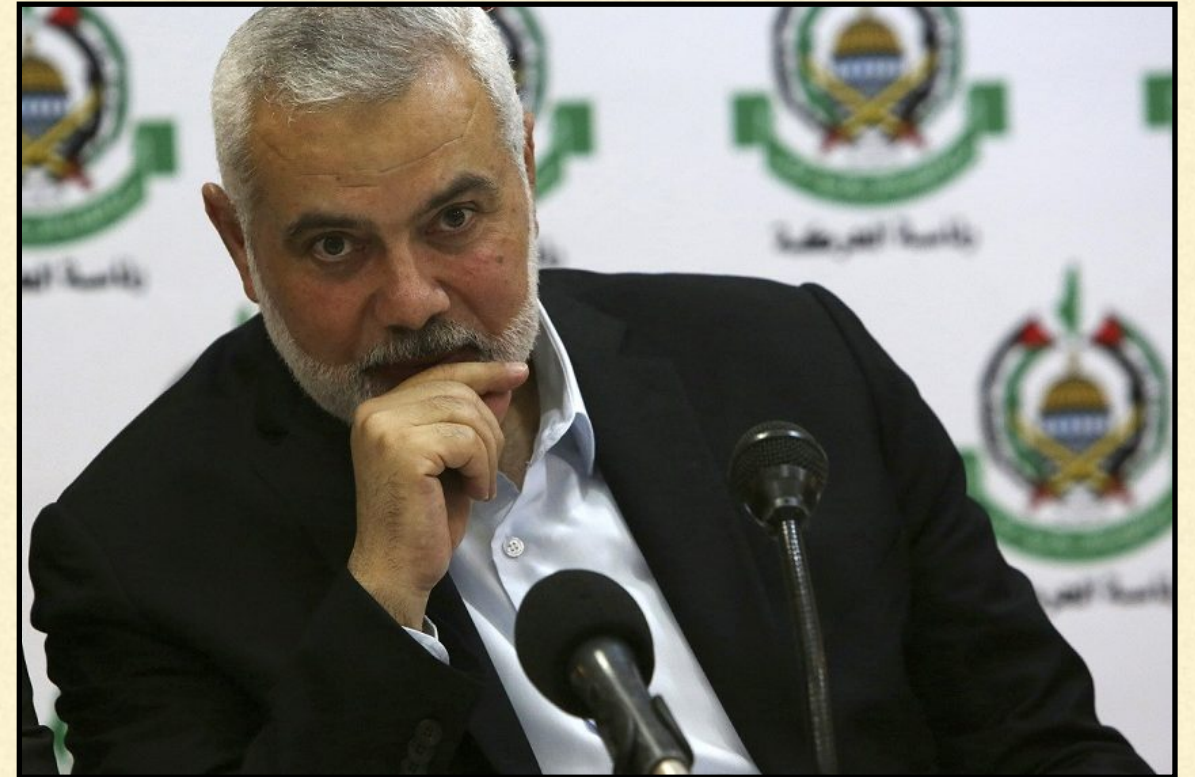

HAMAS THREATS – TEL AVIV

While visiting Lebanon, Hamas leader Ismail Haniyeh tours Ain al-Hilweh Palestinian refugee camp.

During a speech there the terrorist chief says Gaza has rockets able “to bomb Tel Aviv and beyond Tel Aviv,” according to Arab media reports.

“We tell the enemy that we will not forget, and we will not forgive historical injustice, and we will not forget our right to return, regardless of the sacrifices.”

He also says “the train of [Arab] normalization does not represent the peoples of the region,” in reference to the United Arab Emirate’s decision to formalize ties with Israel, amid suggestions more Arab countries are considering doing the same.

SERBIA EMBASSY MOVE

It was announced on Friday that Serbia would move its embassy in Israel to Jerusalem by next summer, and also that the Jewish state and mostly-Muslim Kosovo had agreed to establish diplomatic relations.

The news came as the leaders of Serbia and Kosovo signed an economic normalization deal -- brokered by the Trump administration. Once implemented, the move would make Serbia the first European country to relocate its embassy from Tel Aviv to the Israeli capital. The US moved its embassy to Jerusalem in 2018, and had since been followed only by Guatemala.

PM Benjamin Netanyahu called Friday's developments "another achievement in efforts to expand Israel's diplomatic ties and [gain] recognition of Jerusalem as the capital of Israel."

KOSOVO / SERBIA

On Friday, President Donald Trump announced that Serbia and Kosovo will normalize economic ties and upgrade relations with Israel. Trump announced that Kosovo and Serbia will move their embassies to Jerusalem next year. Serbian President Aleksandar Vučić appeared puzzled by that announcement while seated alongside Trump in the Oval Office.

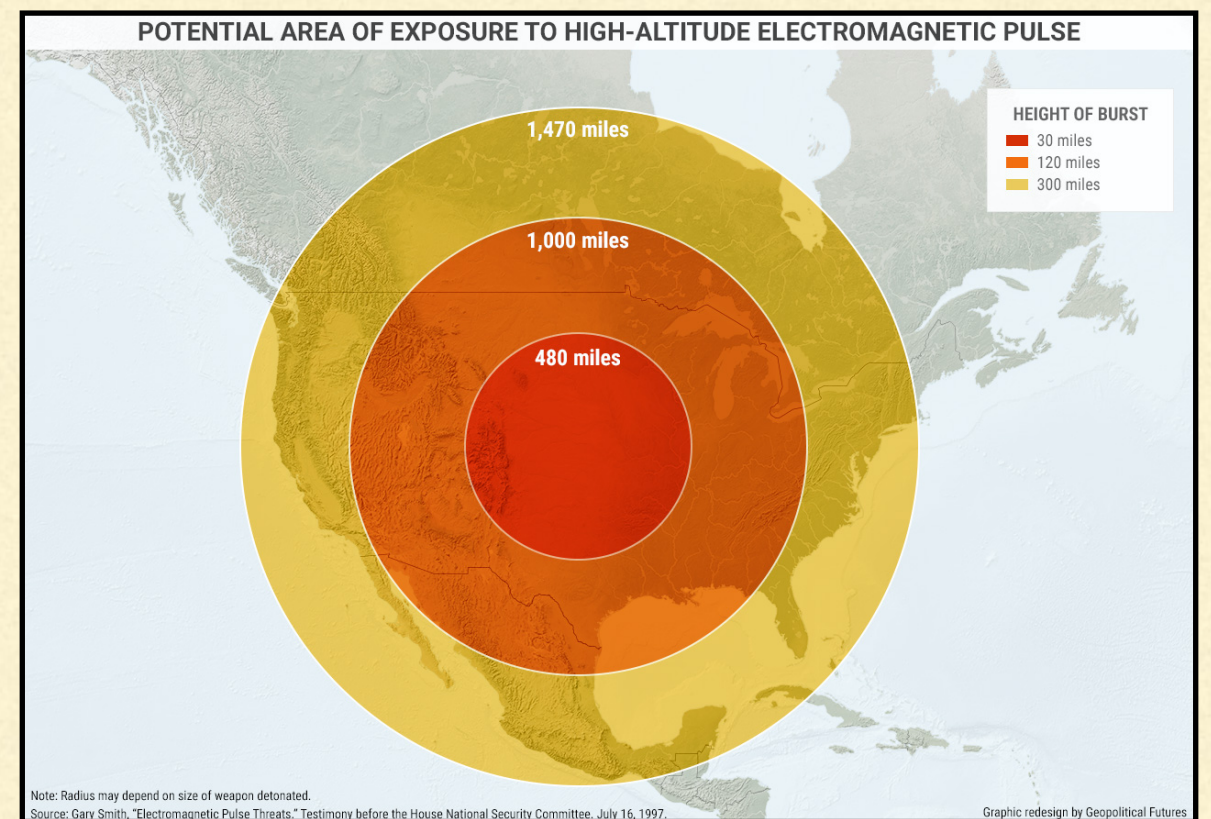

On Monday, The European Union warned Serbia and Kosovo that relocating their embassies to Jerusalem could undermine their EU membership.

IRAN THREATENS

Iran: "American Soil is Now Within the Range of Iranian Bombs"

- One day after the UN Security Council voted in favor of lifting the arms embargo on Iran, for instance, the ruling mullahs unveiled a ballistic missile that reportedly can reach the United States.
- The report [by Iran's state-controlled Afkar News] boasted about the damage that the Iranian regime could inflict on the US: "By sending a military satellite into space, Iran now has shown that it can target all American territory; the Iranian parliament had previously warned [the US] that an electromagnetic nuclear attack on the United States would likely kill 90 percent of Americans."

IRAN ENRICHMENT

Iran is Crossing Uranium Enrichment 'Red-line'

The UN's nuclear watchdog, IAEA, said that Iran's stockpile of enriched uranium now stands at more than ten times the limit set down in the 2015 nuclear deal with world powers. Iran's stockpile now stands at over 2,105 kg - the limit was set at 202.8 kg of uranium.

COVID IN ISRAEL

In recent days, Israel has broken all records for the number of COVID diagnoses, sending shockwaves from Bibi down to the heads of the COVID hospital wards. Liberman is calling for civil disobedience and Bennet has also expressed lethal criticism of Netanyahu in recent days. However for now, none of this is having a significant destructive effort on Bibi. Although public satisfaction with his performance is at an all time low, support for Likud remains firm and the party is still by far the biggest in the Knesset.

SHURAT HADIM

The families of murdered teenagers Eyal Yifrah, Gil-Ad Shaer and Naftali Fraenkel, represented by Shurat Hadin, sued Hamas on Sunday in the Jerusalem District Court for around NIS 520 million in wrongful-death compensation. Although the civil lawsuit was filed against Hamas, which was behind the 2014 attack, the true purpose is to block the Palestinian Authority from transferring funds to Hamas.

The boys were abducted by Marwan Kawasme and Amar Abu Aysha under the direction of Hamas mastermind Hussam Kawasme. Their bodies were discovered 18 days later in a shallow grave in Halhoul, near Hebron.

YOSSEF ROMANO

WE REMEMBER! MAY HIS NAME BE A BLESSING!

A veteran of the Israeli military who have seen action in the 1967 Six Day War, Yossef sprang into action when the intruders came to their apartment block with the other hostages in an attempt to round up the remaining Israeli team. As they were being led out, Yossef attacked one of the gunmen and tried to disarm him so that he could give his teammates the opportunity to escape. He was able to injure the gunman and take his weapon away, but not before being overwhelmed by the rest of the assailants. Yossef was reportedly shot and tortured to death in front of his teammates, with his body left at their feet as a warning to others who dare to try.
